LETO

SPACE

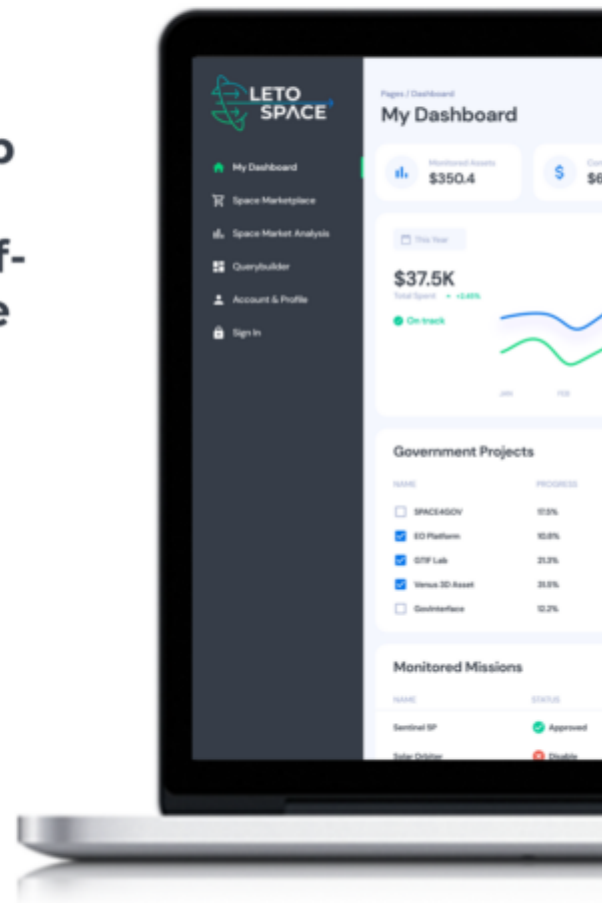

LETO SPACE

Development of a One-Stop-Shop for Space Market Intelligence & Transactional Services

With our software platform LETO BASE we are offering market intelligence and a comprehensive database of space technology solutions and suppliers. Our solution is providing clients with data-driven insights and access to a wide network of industry resources. LETO BASE empowers businesses to make informed decisions and stay ahead in the rapidly evolving space technology market.

A CLEAN PLATFORM GUI

- The LETO BASE Software Platform is a **responsive Web App** that focuses on **user-friendly interfaces and a self-explanatory user experience**
- The **Main Structure**:
 - My Dashboard
 - Space Market Analysis
 - Space Marketplace
 - Querybuilder
 - Account & Profile
 - Sign In

USP

A single platform offering both market intelligence and transactional services tailor-made for the space sector with analytics and insights powered by advanced AI algorithms.

Target market

B2B & B2G: Companies and organisations that are already active in the space sector or seeking deep insights about the market, technologies, and their providers.

Space connection

Market Intelligence and Transactional Services focus on the Space Market
